

The screenshot shows a web browser window with three tabs: "Home - Classroom", "Q1. Write a print statement to", and "Welcome To Colab - Colab". The address bar shows the URL `colab.research.google.com/#scrollTo=vi8VB4U5IINL`. The Colab interface includes a header with the Colab logo, the text "Welcome To Colab", and a warning "Cannot save changes". Below the header is a menu bar with "File", "Edit", "View", "Insert", "Runtime", "Tools", and "Help". A toolbar contains a search icon, "Commands", "+ Code", "+ Text", "Run all", and "Copy to Drive". On the left is a vertical sidebar with icons for a menu, notebook, code, expand/collapse, view, key, folder, and grid. The main area displays a code cell with the following content:

```
[5]  
✓ 0s  
▶ print("He said, \"Let's have a cup of Tea\"")  
... He said, "Let's have a cup of Tea"
```

At the bottom of the interface is a footer bar with "Variables" and "Terminal" tabs, and a blue circular button with a white star icon.
